## CIRCUIT COURT

Practically all of the day was taken up in the Court Friday in hearing the suit of The Brent Co., of Paris, against the Louisville & Nashville Railroad Company. The suit was a civil action to recover the sum of \$512, alleged to have been the value of four barrels of turkeys shipped from Millersburg to Boston, Mass. The evidence was heard and arguments made in the case Friday afternoon, and the case went to the jury Saturday morning. Lack of evidence that the car had been opened or that the other barrels in the same shipment had been tampered with in any way caused the jury to bring in a verdict for the Louisville & Nashville. The plaintiff was represented by John J. Williams and the defendant by Emmett M. Dickson.

Following the verdict in this case the three weeks term of the Court was adjourned, and Judge Dedman and Commonwealth's Attorney Bradley returned to their homes. Judge Dedman will return some time during the week to hear arguments of attorneys in a number of equity cases.

### ISN'T THIS FIERCE?

On Friday night five automobile collisions occurred in a short space of time at the corner of Main and Seventh streets, which, with the corner of Main and Eighth, are continually furnishing instances of that character. Both are dangerous places, owing to the narrow streets, the sharpness necessary to clear the curbing, and the further fact of four ways being open for a collision.

At Main and Seventh Friday night two Ford machines came into close quarters, both being somewhat damaged, and being whirled completely around by the force of the collision. A little earlier in the evening four other collisions happened at the same spot, all more or less due to carelessness, according to the spectators. A big truck swinging into Main street from Seventh collided with a big auto. Neither sounded their horns or gave other indications of caring anything about the rights or lives of the drivers or the pedestrians, either.

On Thursday night at least five accidents were reported as happening between Cynthiana, where a social dance was in progress, and Paris, and between Paris and Winchester. In most of the cases it was hinted that it was a case of "gasoline and booze being unable to mix." Whatever the contributing cause, suffice it to say—isn't this fierce?

## RELIGIOUS

### A Resume of Events in Religious Circles For Present and Future

The regular monthly meeting of the Teachers' Conference will be held in the parlors of the Christian church, Tuesday, December 5, at 7 p. m. The devotional period will be conducted by Mr. W. O. Hinton. The educational program is in charge of Mrs. Walter Payne, Superintendent. Lucien Arnsperger will preside over the business session, and a social period has been arranged by the entertainment committee, with Miss Martha Wyatt as chairman. All teachers and officers are urged to be present promptly at seven.

Rev. Louis S. Gaines, of St. Louis, Mo., who has taken charge of the congregation of the Paris Baptist church, succeeding Rev. Arthur Fox, delivered his first sermon to the congregation Sunday morning, taking for his subject "The Face of Jesus—A Study." At the night service his theme was "A Shepherd's Love." The church was crowded at both services. Rev. Gaines was for a number of years connected with Christian educational work in Indiana, and only recently took up special educational work at the Southern Baptist Theological Seminary, at Louisville. Rev. Gaines' sermons made a deep impression on his hearers, being logical and eloquent.

### SALE POSTPONED

On account of the bad weather I have been unable to get the seven cottages ready for sale by Saturday, December 9, so I have decided to POSTPONE THE SALE UNTIL TUESDAY, DECEMBER 12. Come out any time and see these attractive new bungalows. Respectfully, (5-2t) D. S. HENRY.

### DECEMBER COURT DAY

On account of the rains making a good "season" for tobacco men the farmers and growers were all busy, making the December court day a matter of small attendance. There was but little livestock on the market, a few horses and mules changing hands at fair prices.

Merchants report only a fair volume of business, as shoppers were scarce and business slow in consequence. The tobacco men are very busy registering their crops in readiness for the annual sales, which are scheduled to begin on Monday, December 11, at the local warehouses of the Co-operative Burley Tobacco Association.

### CHRISTMAS SHOPPERS

Have you seen Miss Holladay's selection of beautiful Wedgewood and other imported potteries and glass suitable for Christmas and bridal gifts? Call in and see her artistic shop. (x)

### CHRISTMAS TURKEY MARKET

WE WILL BEGIN RECEIVING TURKEYS FOR THE CHRISTMAS MARKET AT OUR FLOUR MILL AND HEMP HOUSE ON SOUTH MAIN STREET, ALSO AT OUR OFFICE BUILDING ON THIRD AND PLEASANT STREETS, MONDAY, DECEMBER 4. E. F. SPEARS & SONS.

## MATRIMONIAL

### A Record of Dan Cupid's Doings As The Days Go By

County Clerk Pearce Paton issued a marriage license Saturday afternoon to A. B. Richardson, 23, son of Mr. and Mrs. Hiram Richardson, and Miss Goldie Smothers, 18, daughter of Mr. and Mrs. E. B. Smothers, all of near Paris.

### FINE CHRISTMAS LINE TO SELECT FROM

Perfumes, toilet waters, sachets and toilet articles. We have extensive varieties to select from. (x) ARDERY DRUG CO.

### A TRIP TO KENNY-KOR-NICK

Will pay you. You will be surprised to see how attractive and convenient these new bungalows are. They are open all the time and I will gladly show you them. (5-2t) D. S. HENRY.

### "WINS 'LIMERICK' PRIZE

The first prize, of \$10 in the "Limerick" contest conducted some time ago by the Kentucky Post was awarded to Mrs. James H. Moreland, of Paris. Answers in the "Limpin' Limericks" were received from all over the State.

## THE NORMAL SCHOOLS

(Mt. Sterling Sentinel-Democrat) Not satisfied with their efforts to dictate just who can and who cannot run for office, on both the Democratic and Republican tickets in the next State campaign, the Louisville press is very much exercised because the members of the Normal School Commission saw fit, as free born American citizens, to refuse to be dictated to by either them or their Republican candidate for Governor, Mr. Colvin, as to where the two schools should be located. We are not personally acquainted with the Western Kentucky situation, but feel we have a fair knowledge of the Eastern district.

Morehead, the county seat of Rowan county, is located some thirty miles east of us and though once a feud-ridden place, is to-day one of the cleanest and most law-abiding communities in Kentucky. Its people are moral, God-fearing and upright and we know of no town in which the students could be placed where they would receive a more hearty welcome into the best homes or be thrown in a more moral atmosphere, than in the good little town of Morehead. It is the home of Mrs. Cora Wilson Stewart, a pioneer in educational work in Kentucky and we have never seen a healthier school sentiment anywhere than exists there. From a health standpoint, its death rate is very low and only recently its progressive citizens voted a bond issue for water works and sewers. It already has a splendid electric plant. The site it offers is one of the most beautiful in the State, is within a hundred yards of the court house and in every way ideally fitted for a big school. It is not a large town its population being about 1,000, but that is as it should be. The school should be the one big thing in the community and not one of the many attractions of a large and corrupt city.

We have never been in the city of Murray, but are informed it has a population of about 2,500; has ample water, light and sewer facilities; has a wonderful hospital, that would bear favorable comparison with those of Louisville or Lexington; has a new three story brick high school building, which cost approximately \$125,000, the use of which it tenders the State as temporary quarters and has the lowest

## HORSES KILLED BY FUMES

Wm. Smith, superintendent of the Paris Cemetery, lost a valuable pony by death, and the Cemetery Company also lost two horses within the past few weeks, due, it was stated, to the animals inhaling fumes from the old dump pile which has been on fire near the F. & C. depot for several months.

The dump has been a source of much complaint from residents of that vicinity for several weeks. The fire department has repeatedly been called out to extinguish the fire when it threatened adjoining property, and neighbors stated that for many nights they had been unable to sleep, due to the odor, when the wind was blowing from the direction of the dump.

## EDITORIAL FLINGS

A distinct advantage possessed by the average Paris bachelor is that he has nobody around to adjust his tie after he has fixed it to his own satisfaction.

The cheerful cherub says: "No disappointment comes to me in anything my friends may do unless I've tried to live their lives, as well as live my own, too."

In former years the average country editor looks forward to Thanksgiving and Christmas with much delight, as someone invariably supplied the turkey gratis for his feast. Nowadays he sits down and thinks of those good old days—that's all.

Looks very much like some of the hand-painted flappers and slick-haired duds of Paris go to the Paris Grand mainly to chew gum, crunch popcorn and make alleged "bright" remarks about movie actors and actresses, to the very disgust of all the sensible people around them.

Writing in the December number of Harper's Magazine, Meredith Nicholson says if we are a happy, thankful people, we don't show it, and declares gloom is owed Indiana. The people are happy all right, but are afraid if they show it somebody will come along and try to borrow money from them.

When J. Pierpont Morgan has a slight cold his secretary receives the reporters and the state of his health is cabled all over the world. When the average Paris, Ky., man has a slight cold he has no protection and he gets no sympathy, because each of his acquaintances can tell him just how to break up a cold in a day.

In Cleveland, Ohio, the other day six violators of traffic ordinances were forced by the Judge to attend the funeral of a little girl killed by an automobile. Is there no law against interfering with the privacy of bereaved families in the interest of publicity for a freak Judge?

A man who had been married nearly thirty years told me the other day that the sun had never set on a quarrel at his house. Of course, I am sure he is an eighteen-carat liar, but he had the right idea. "Clearing the desk" each day is an excellent practice, but you can't clear your desk by tossing two or three mean letters into a drawer. Have it out to-day—unless you're mad clean through. In that case get a good night's sleep, and then "to work," as they used to say.

Just twenty-four days until the appearance of old Santa Claus. Let joy and happiness reign supreme. At the same time let your generosity be as large as your means, and help the Health and Welfare League, the Red Cross and the various church societies, who have in hand the alleviation of distress and suffering. Make your Christmas happy and help someone else to be happy by helping them. Remember those unfortunate ones who will have little or no Christmas cheer, except that which comes from outside aid, and help them to make the occasion one of enjoyment.

ment, one of those little bursts of sunshine in a sordid existence.

There's a lot of Paris men who envy the auto radiator, since it can drink wood alcohol in any quantity and never feel any bad effects.

Life insurance men say men's waists are getting larger. Probably many of them have been making allowances on the waist line for measuring over the hip pockets.

When a political party loses an election, it lays the blame on the women. It seems to us that the practice which Adam started against Eve still lingers in the hearts of men.

A baby in Jackson, Ky., has been named Desperate Stack. That's foresight. If they hadn't named her that someone would probably have called her that in later years. Then again, in later years they might have called her Desperate Chance. See?

Those Virginians who went to hear the Governor speak at the dedication of a highway and got mired in the subgrade when the rain fell on the just and the unjust have the sympathy of Kentuckians, who know that too often the shouting occurs when all of the road building is not over.

Of course, if Pola Nebri has made up her mind that Charlie Chaplin is the next man she proposes to marry—that is the way of it, isn't it—all Charlie's native modesty will not protect him. But our advice to him would be to woo her since he will be expected to conform with custom, with custard pies. She might relent.

THE NEWS is willing to publish church notices, etc., but we do not take very kindly to the idea of having to pay postage on notices sent by mail, and, another thing those who send them in should try to make their copy as plain as possible, as we are not mind readers, and can only guess at the meaning of some that are sent in.

M. Clemenceu, the Tiger of France, during his visit to Chicago last week revealed the secret which has enabled him to reach the age of eighty-one with vitality and power of endurance that would tax the energy of many men half his age. The secret is—eggs. He ordered eight soft-boiled for his supper on the night of his arrival, and upon going to bed left orders for five more to be served for his breakfast on the following morning.

### Y. M. C. A. NOTES

Decided improvement has been shown by all the candidates who are out for the "Y" team this year, and some good games are in store for basketball followers who will witness their play in the local gymnasium. The first game will be played here on Friday night, December 8, at 8:00 p. m., with Georgetown College furnishing the opposition. Chipley, the accurate goal-shooting forward, is rounding into his best form; Kenney, who has been elected captain of the team, is still there with his speedy floor-work; Wright, former High School star, is making the best of them step for a berth on the first team; McIntyre, "Y" veteran of three seasons, and one of the best guards who has ever performed on the local floor, is getting an early start. The schedule has not as yet been fully completed, but if present plans are carried out, it will be one of the most attractive schedules ever played through a Y. M. C. A. team.

### HOOVER ELECTRIC VACUUM CLEANERS AND HOT-POINT IRONS

Why give trash for Christmas, when either a Hoover Electric Cleaner or Hot-Point electric iron would please mother or wife and at the same time save loads of work? They are both practical gifts and are labor-savers. They are indispensable, after you have used them once. Buy one for Christmas.

### CHRISTMAS SEAL SALE AND CARD PARTY

Don't forget the sale of Christmas seals which began yesterday. It is fondly hoped that every Christmas letter and package that goes out of the Paris postoffice or from any of the postoffices in Bourbon county will have at least one of these little reminders of the duty we owe to suffering humanity, and to the Red Cross.

As seventy-five cents out of each dollar realized from the sale of Christmas seals goes to the local Red Cross Chapter, the good they do will depend on you. They protect the children of the future from the ravages of tuberculosis, the most dreaded disease of modern times.

Don't forget the public card party to be given in the Masonic Temple, on Thursday night, December 7. The tickets are being sold rapidly. Reserve your table or chair as soon as possible. If the committee in charge of the ticket sale has not yet called on you, see Mrs. Hiram Redmon, or call her by phone, and give your order at once.

The little seals will be on sale all over Paris this week. The Red Cross has received permission from the U. S. Postoffice Department at Washington to maintain a stand in the lobby of the postoffice for the purpose of selling the seals, the privilege to be maintained during the holidays, so long as it does not interfere with the working of the postoffice.

### SEATS SELLING FAST FOR JONANI CONCERT

Ever since the announcement was made of the appearance here in concert of the brilliant young operatic prima donna, Irene Jonani, great interest has been evinced by local music lovers. From the advance reports of Miss Jonani's triumphs in concert it is safe to predict that all who enjoy beautiful singing by an artist of the first rank, will be afforded a genuine treat on Wednesday evening, December 6, Miss Jonani will sing two of her greatest operatic arias, as well as numerous and charming songs of American composers, and her assisting artist, Miss Mary Winslow, concert pianist, will play, by special request, a charming group of modern piano solos. All in all, a brilliant concert to be looked forward to with real anticipation.

## PARIS TO SEE FINE PLAY DECEMBER 8.

Sidney Toler's dramatization of John Fox Jr.'s book, "The Little Shepherd of Kingdom Come," will be seen at the Paris High School auditorium, on Friday night, December 8. The play will be given here under the auspices of the High School Athletic Association, for the benefit of the P. H. S. athletic fund. The same company of eleven high-class artists which is presenting this play at Macauley's Theatre, in Louisville, this week, and at the Ada Meade Theatre, in Lexington, next week, will present the play here. It is not a picture play, but is presented by eleven players. The Louisville papers give the play very enthusiastic notices.

Plans are being perfected for placing a laurel wreath on the grave of John Fox, Jr., in the Paris Cemetery, by members of the Toler company, when they play here on December 8.

## RUTH ST. DENIS, AT LEXINGTON, DECEMBER 5

Ruth St. Denis, with Ted Shawn and the Denishawn Dancers, a company of eighteen artists, including an instrumental quartette, will present a gorgeous program of interpretive dancing at Woodland Auditorium, Tuesday, December 5, at 8:15 p. m.

Miss Ruth St. Denis is the greatest living exponent of the dances of the East. She remains in a class by herself. She had to create her own traditions to find and train all her assistants, to amalgamate the work of her musicians and scene painters, and incorporate their work with hers into a whole.

Miss St. Denis and Ted Shawn are not only wonderful dancers, but past masters of stage technique. Their production in magnificent, superb dancing, wonderful miming, gorgeous scenery and costumes. They are artists to their finger tips.

Tickets are on sale now at the Lexington College of Music, and will be on sale in Ben Ali Theatre, beginning Saturday, December 2, at 9 a. m. Prices: \$2.75, \$2.20, \$1.65 and \$1.10.

## FEATURES AT ALAMO AND GRAND

Back to the days of chivalry and romance you are carried by Ethel Clayton's big new production, "If I Were Queen," which comes to the Alamo and Grand to-day and to-night. It has the clash of sword play, of both warriors and fair ladies and all the charming atmosphere of the quaint little mythical kingdom of the Balkan. It is an adventure, the central figure of which is an American girl. Wesley Ruggles directed the production which is by all odds the most massive in settings and costumes in which Miss Clayton has ever appeared.

"A Woman of No Importance," is the best study of English society ever screened. Oscar Wilde brought to the screen—who can afford to miss the combination?

It is rare that one sees such an engrossing film as this same, "Woman of No Importance." From first to last it grips you tight, and at the end you are thankful that the Selznicks have brought this famous Oscar Wilde play to the screen. At the Alamo and Grand to-morrow afternoon and night.

More than 70,000 feet of film were used in making Clara Kimball Young's latest production, "The Hands of Nara," which comes to the Alamo and Grand to-morrow afternoon and night. Harry Garrison, producer of all of Miss Young's pictures, is a great stickler for detail, and always insists that a scene be perfect before he will approve it. "The Hands of Nara" was produced for the Samuel Zierler Photoplay Corporation. It is based on the novel of Richard Washburn Child, the present United States Ambassador to Italy.

## TO RIDE AT HAVANA

Paris friends of Fred Merrimée learned that he and his bride left recently for Cuba on a belated honeymoon trip. They were married at Louisville during the spring race meeting, while the bride was visiting in that city. She was formerly Miss Myrtle Hambrick, of Covington. Mr. Merrimée is a son of W. T. (Shorty) Merrimée, of the Louisville and Nashville train dispatching force in their Paris office. Young Merrimée will ride at the Havana track this winter, and will return north in the spring, paying a visit to Paris. Merrimée is said to be one of the most popular riders in the business.

## THE NORMAL SCHOOLS

(Continued from Page 1)

death rate of any county applying for the school in that district. Its people are the equal of any in the State and will leave no stone unturned to make the school an honor to the Commonwealth.

Much has been said about the influence of Judge Allie W. Young, of Morehead, in the selection of these two sites and the fact that he is attorney for some coal corporations is seized upon and featured at length.

Morehead is not in a mining district and the corporations represented by him do business in the Big Sandy. The coal barons there endorsed Paintsville, so the stories, willfully false as they are, must fall with their own weight.

As a matter of fact, Judge Young was sick in a hospital in New Orleans and was not in Frankfort during the entire session. These facts are known to the Louisville press, yet they continue to republish them as if true. Of course, Judge Young and Mr. Wells have done all they honorably could for their respective towns and who would have done otherwise? With fifteen towns asking for the two schools, it is but natural that much dissatisfaction should arise.

It is significant, however, to note that all criticism instigated by the press has been aimed at the five Commissioners appointed by Speaker Thompson. Two of those appointed by the Lieutenant Governor, though honorable men, were members of the educational survey and recommended in writing that the proposed normal school in Eastern Kentucky be located "probably" in the Big Sandy. They thus prejudged the applications of Morehead and West Liberty.

If Morehead was so repulsive to them, they had an opportunity and in fact Mr. Wallen urged them to join him and name West Liberty, which could have been done with the sentiment on the commission already outspoken for West Liberty. We might also add here that West Liberty would have been an excellent location for such an institution.

There are many other things we could mention, but lack of space forbids, and these are merely mentioned to show the unfair and ruin-or-ruin attitude assumed by the Louisville press. The talk of a special session of the Legislature is, in our judgment, silly and time will vindicate the wisdom of the Commission's actions.

## AN APPROPRIATE CHRISTMAS GIFT

When making up your list of Christmas gifts, don't forget a year's subscription to THE BOURBON NEWS. This is one of the most acceptable gifts you can make. One hundred and four issues of the best paper in Bourbon county would be enough to make anyone glad as a Christmas gift.

## MANY THANKS FOR THE COMPLIMENT

One of THE NEWS' many good friends was good enough the other night to call us over the 'phone, and tell us that the several recent issues of the paper were among the best and most readable the town has had for many years.

Whether or not THE NEWS deserved this compliment, it was nevertheless highly appreciated. We realize that it takes lots of hard, grinding work full of trials and tribulations of many kinds, to get out a good paper like THE NEWS is universally conceded to be, and we are glad to find occasionally some well-meaning friends who tell us that we are publishing a good newsy paper. This makes us feel that the effort has not been made in vain.

To say the very least publishing a good paper is not a bed of roses by any means, and the way is beset with many vexations and annoyances of a nervebreaking kind, but we will, with the good wishes and help of the good people of Bourbon county continue to give them the best paper in Bourbon county.

## HOLLADAY

—Following a long illness, due to a complication of diseases, Miss Lottie Holladay died at four o'clock yesterday afternoon at the home of her brother, Bruce Holladay. Miss Holladay had been confined to her bed for several weeks, and her death, while not unexpected, came as a shock to her friends and relatives, who had clung to hopes of a restoration to health of this most estimable woman.

Miss Holladay was a daughter of the late Mr. and Mrs. John B. Holladay, her father having been Sher-

iff of Bourbon county, and a gallant soldier in the Civil War, where he won the rank of major in the service. She was a woman of the highest character, true in all the walks of life, and one who made friends wherever she went.

She is survived by her brother, Bruce Holladay, and three sisters, Mrs. Charles G. Daugherty, Misses Mayme and Katie Holladay, all of Paris.

The funeral arrangements had not been completed as THE NEWS closed its forms last night.

## BAYLESS

—Mrs. Laura Wright Bayless, aged seventy-one, died Saturday afternoon at four o'clock at the Massie Memorial Hospital, after a short illness. Mrs. Bayless was found in an unconscious state at her home, corner of Pleasant and Duncan avenue, by her nephew, Nathan Bayless. She was removed to the Hospital, where she died without regaining consciousness.

Mrs. Bayless was a daughter of the late Mr. and Mrs. J. Wilson Wright, of near Paris, and the widow of Nathan Bayless, Sr., prominent livestock dealer and farmer of Bourbon county, who died several years ago.

Mrs. Bayless is survived by one brother, Lindsay Wright, of Shelbyville, Ind., two half-brothers, James and Clarence Wright, of near Paris, and two nieces, Mrs. Jack Dycus and Mrs. John Luke, both of Georgetown.

The funeral was held at the family home, yesterday afternoon, at 2:30 o'clock, with services conducted by Rev. W. E. Ellis. The pallbearers were John T. Hedges, Chas. P. Cook, Frank P. Lowry, Jos. D. Booth, Jesse Turney, Dr. W. T. Brooks, Robt. C. Talbott and Wm. O. Hinton.

### ROAD OPEN TO TRAFFIC

For the benefit of the traveling public THE NEWS is requested to give publicity to the fact that the Clark county end of the Mt. Sterling pike has been completed by the contractors, Bilter & Wiley. More work is being done on the road, such as the building of culverts and grading on the side, but the thoroughfare has been opened to the public.

Five miles of the Montgomery county end are not finished, and a detour must be made for about two miles at Sewell's shop. Highway experts state that this is one of the best roads in the State from the standpoint of material, grading and construction.

## BURLY HOUSES TO OPEN DECEMBER 11

Receiving plants of the Burley Tobacco Growers' Co-operative Association will be opened to receive the 1922 crops of members December 11, if there is a season, Director of Warehouses Ralph M. Barker said Saturday. Warehouse managers and bookkeepers from all parts of the burley district will be in Lexington, Tuesday, Wednesday and Friday, Director Barker said, to receive their final instructions.

District graders and managers of the Association's redryers, also will be there for their final instructions, and on Monday, December 4, warehouse graders will be in Lexington to take their examinations, which are required before they are permitted to pass upon the crops of the growers. These examinations will include practical demonstrations of ability on the part of the graders to do the work which will be required of them.

Director Barker reiterated his statement that members of the association will not be compelled to haul their tobacco to the larger receiving points in order to obtain a good grade, and said that expert graders would be at every burley receiving point and that grades would be uniform throughout the district. Chief of the Field Service Division William Collins has completed with the district field managers arrangements for the checking of the crops pledged to the association. While few growers are expected to violate their contract, loyal members are asked to report any known cases of dumping either to Field Managers James A. Kehoe, for the Eastern Kentucky district and Ohio, at Maysville; Harvey Edwards, for the Central district, at Lexington; J. D. Craddock, for the Western district, at Munfordville; J. Cummins, Jr., for the Northern and Indiana districts, at Carrollton, or direct to the field service division.

It isn't the perfect that is beautiful, but the promise of the perfect; the rosebud is more beautiful than the full-blown rose.

## GOOD NEWS

Many Paris Readers Have Heard It and Profited Thereby

"Good news travels fast," and the many bad back sufferers in Paris are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

Mrs. J. T. Martin, 1024 Main St., Paris, says: "I fell and received an injury which left my kidneys in a weakened condition. I suffered severely and although I took different remedies nothing gave me a bit of relief. My back ached and pained until I thought it would break and sharp twinges of pain shot through my kidneys. In one week after taking Doan's Kidney Pills I felt like a different woman and I still take them when I feel my kidneys need a tonic." (Statement given February 17, 1908.)

On November 12, 1920, Mrs. Martin said: "Doan's Kidney Pills are certainly all they are claimed to be and I recommend them just as strongly to-day as I did many years ago. I gladly confirm my former statement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Martin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## MUST HAVE MADE SOME MONEY SURE!

The Kentucky Jockey Club last week paid into the State treasury at Frankfort the tidy little sum of \$272,500 as its license tax. The banks of the State paid in the sum of \$145,101, the ten cent tax on deposits.

At this time of the year, one of the great problems confronting mankind is whether or not the old straw will do for another season.

## ST. PAUL'S CATHEDRAL ON THE MOVIE SCREEN

It will be no longer necessary for persons in America to cross the ocean in order to view the charms of old London, for these charms are about to go to America through the aid of the motion picture.

A motion picture company is at present busy photographing the beautiful interior of St. Paul's cathedral. The work is being carried out with the aid of improved lighting effects so that the details of the carved stalls of Gibbons, the high marble altar, the Chapel of the Order of St. Michael and St. George and the dome may be clearly seen. A reel of the film will be devoted to the graves and monuments of the famous cathedral, which include those of Nelson, Wellington and Sir Arthur Sullivan.

The proceeds derived from the exhibition of this film will be given to the fund being raised for the much needed restoration of the church. It will be shown in America within two months, according to the producers.

## LEXINGTON MEETING PLACE FOR EXECUTIVES

Lexington will be the meeting place of the Central Kentucky Commercial Executives' Association at its next meeting, the exact date to be determined later, it was decided Monday afternoon at the close of an all-day meeting of members of the association in Winchester.

The meeting will probably be held the middle of December, Secretary Gaines said, subject to a call of the board of directors of the Lexington board. The annual election will be held at this meeting.

An open discussion of the possibility of the formation of a State chamber of commerce was the most important matter brought up at the Winchester conference. The discussion was opened and led by H. F. Harris, secretary of the Paris Chamber of Commerce.

There's only one place where "coming close" counts—that's in horseshoes.

## WOMEN ARE HEAVIEST BUYERS AT CHRISTMAS

As in all other seasons of the year, the woman of the house usually is the biggest spender during the Christmas season. Her trade should be sought after by every merchant regardless of the kind of merchants he sells.

Crutcher & Starks, men's, clothiers of Louisville, make a special drive during the holiday season to capture the trade of the woman shopper. And it is all done through emphasizing a clever slogan: "A real man likes a gift from a man's store, in a man's package. Ask the man."

About three weeks before Christmas this idea is struck every place it is likely to be read. It is advertised on street car cards, run along with advertising cartoons in the local newspapers. Each day the store runs a new cartoon featuring "a real he-man," with the slogan above the drawing the store's signature below. Cards placed in the display windows are tied up with the street car and newspaper advertising.

Constant pounding on this slogan has been a big asset for the store, and when each Christmas rolls around the store is usually rewarded with a bigger volume of business.

## FAMILY ALBUM DISAPPEARS

The old family album that occupied a prominent place in the parlor of nearly every well regulated family up to twenty years ago has gone the way of the parlor organ, the fluting iron and the bootjack.

The album, filled with portraits of the family and progenitors and more distant kin, was the first thing that engrossed the attention of the visitor, and it furnished an index to the character of the occupants of the home.

The suitor on his first visit, if he was any judge of character, in looking through the album could form some idea of what he was up against after studying the photos of the young woman's parents, and when he met them for the first time he felt as if he knew them. If he became a steady beau, his picture soon adorned the album, and this helped to intrench him in favor.

In those days an album was considered a standard gift appropriate for any occasion. The man who was in doubt usually decided to give his girl friend an album; sometimes one girl received several at one time, all in different shades of plush binding.

## THIS IS "EDUCATIONAL WEEK"

The incalculable good which must result to the cause of education through the holding of Education Week, December 3 to 9, inclusive, can not be summed up in a page, let alone a paragraph. But if it accomplishes nothing more than the focusing of public attention upon the inadequate teaching staffs of our public schools, it will have more than served its purpose.

The State depends now upon its citizens of legal age and over. In ten years it will be depending upon the children of to-day. If these children are not well taught, properly taught, highly taught, the future citizens of America will be ignorant, unable to think, to plan, to carry on this, our Nation, in its forward course. If the child of to-day is the voter, and perhaps, the Legislator and the President of to-morrow, then the teacher of to-day is the maker of the Nation of to-morrow. The best of teachers, paid well enough to enable them to give their best to our children, should be none too good for America; if Education Week can awaken the electorate to the need of the best, the need of paying for the best, it will not be held in vain.

## Uncle Henry tells the folks more about his trip to Cincinnati:

Mary's told you about her birthday and Cousin Sue's illness, so there's nothing I can add there.

With Mary looking after things at the house, I've been kind of like a ship without a rudder. Don't seem to know what to do with myself.

Have been to every moving picture theater in the city and know just about what's going on in the line of building.

The other Saturday, I saw Cincinnati's navy burn up. It happened quite a piece back, but as I haven't written since then, thought I'd mention it. My those boats made a blaze. Kind of a fire I've always wanted to see.

Coming back from the water front, I noticed that about every child I passed had a toy balloon. No, there wasn't any circus in town, just some more of Mabley's progressiveness. Every Saturday that's their way of giving the kiddies a treat.

Well, I thought I'd get some of those balloons to send along home to the children. Here they are.

It do beat all the way Mabley's put themselves out to be of service to people. The other day Cousin Sue asked me if I'd mind paying the gas bill. When I asked her where I'd take it, she said "Mabley's." Sure enough they have a department there to look after such a thing. This department is kept at their own expense and didn't cost me a cent more for the convenience.

While I was in the store, thought I might as well look around and get some Christmas ideas. I'd seen a sign somewhere about doing Christmas Shopping early, so decided to grab time by the forelock.

Saw any number of things that you all would like but didn't buy. I'd rather wait until Mary can come down with me. Women like to have a say in such things. You know how they are.

I found out one thing in looking around that you all might like to know about. Mabley's have Christmas Orders. When you can't think of anything to give someone you want to give to, just give them one of these orders. Send on your money, get a Christmas order for that amount, and the person you give it to can exchange it at the store for whatever they want. It's a great idea, saves a lot of wear and tear on the brain.

I'm playing nurse to-day so's Mary can run down street to buy a few things she needs. Kind of have a suspicion she's making tracks to Mabley's to lay in a Winter's supply of clothes. You know how it is. When you sit around, as she's been doing, you kind of get to thinking over what you have and what you haven't until you get a hankering to just get out and buy up some store. Mary's not buying up Mabley's but right about now, I'll wager she's putting a dent in it.

No doubt you'll get a letter all about clothes when she writes again.

Yours Truly,

Henry.

## CHRISTMAS SEAL CAMPAIGN TO START SOON

The opening week of December will witness the inauguration in this city of the sale of Red Cross Christmas Seals, these little messengers of this great organization, to be sold for the benefit of the anti-tuberculosis fight that is being waged all over the country. On Monday, December 4, the seals will be on sale all over Paris. Citizens will be asked to join clubs of \$2.00 and \$5.00, and business men and women are urged to join one of these clubs, and stamp all their Christmas mail, packages and letters with Red Cross Christmas seals.

On Thursday, December 7, there will be given a public card party in the Masonic Temple. Tickets for the party will be placed on sale at 75 cents each. If the committee appointed has not yet solicited you, you may reserve your table by calling Hiram Redmon. We trust that everyone will hold this day in reserve and help to fight the tuberculosis in Bourbon county.

Remember that seventy-five cents out of every dollar realized by the sale of Red Cross Christmas Seals goes to the tuberculosis department of the Bourbon County Health and Welfare League. The committee in charge will announce other definite plans at a later date.

We all want to do our bit in the promotion of a campaign in which everyone is greatly interested. It is hoped that everyone intending to mail Christmas packages or letters will keep in mind that for a penny for each seal they will be contributing to a campaign which has for its purpose the minimizing and the ultimate extermination of that dread disease, tuberculosis. Why use stickers which mean nothing at all when for one single penny you can use something that means much, very much, to thousands of already sick, and maybe countless thousands yet unborn?

Get the real Christmas spirit. Get beyond your immediate friends and family. Let the weight of your giving extend to the homes of the tuberculosis afflicted simultaneously with the cheer your letter or parcel may bring to the recipient addressed. Do it with one, or more, of the little Red Cross Seals attached to the package or letter.

## CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. All Druggists. F. J. Cheney & Co., Toledo, Ohio.

## HANGING NO LONGER MORBID

Legal executions are few in Kentucky, but the recent electrocution of a Pike county murderer in the Eddyville prison not only vindicated the wisdom of the new system of inflicting the death penalty, but the quiet and orderly manner in which it was performed afforded a striking contrast to the morbid sentimentalism that featured legal executions before the law was changed. Instead of thousands of curious persons being attracted to the county seat eager for a glimpse of the condemned man as he stood upon the gallows waiting for the drop, he was quietly ushered into the death chamber of the prison and the current applied that in a legal sense atoned for his terrible crime. Far removed from the actual scene of the crime, its explanation was accompanied by none of the objectionable features that would have marked a semi-public hanging of former days.

Under the new method of inflicting capital punishment the community was spared a gruesome event and the probabilities are that but few persons in the county where the crime was committed knew that the execution was to take place. After an experience of ten years the State hardly would go back to the old way of inflicting the death penalty. Two years ago the law was amended to provide for hanging as the death penalty for certain crimes against women, but since the change was authorized the noose never has been invoked.

## WANT TRAIN SERVICE

A committee from the Georgetown Chamber of Commerce, composed of P. H. Nunneley, J. M. Haggin, B. M. Goldsboro, George Sable and J. R. Lancaster, went to Frankfort, Tuesday, and held a consultation with Superintendent Manning, of the Frankfort & Cincinnati railroad, in reference to putting on new train service between Paris and Frankfort. Mr. Manning assured the committee that the train service which they asked for would be put on in the near future. He said the company hoped to have the trains in operation before the Christmas holiday season.

No glue strong enough has yet been invented to make some ministers stick to their text.

The chap who has a nightmare will generally agree that it's a horse on him.

## WATCHING MATTER OF BURLEY CONTRACTS

Virgil Chapman, of Paris, Assistant Counsel of the Co-operative Burley Tobacco Marketing Association, who has been in Hopkinsville, attending the preliminaries of the organization of the Dark Tobacco Growers' Co-operative Association, has taken the articles of incorporation to Frankfort, received the certificate of incorporation, and returned to Hopkinsville, where he delivered them to Aaron Sapiro, general counsel for the growers.

While in Hopkinsville Mr. Chapman discussed with Mr. Sapiro legal matters affecting the burley organization, including the suits that have been prepared to be filed against half-a-dozen alleged contract-breakers in the district who failed to deliver their 1921 tobacco to the association. With the victory of the association in the Garrett Watts case, recently decided in the Bourbon Circuit Court, Mr. Chapman says there is very little "dumping" expected this fall.

Mr. Chapman said that the field service division under charge of Capt. Wm. Collins, of Paris, is working out a plan by which a check will be kept upon the tobacco delivered and every signer who fails to deliver his tobacco to the association will be proceeded against.

This method of checking, according to Mr. Chapman makes certain that the association will have information of the "dumping" of any tobacco crop that should have been delivered to the association.

## CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. (adv-T)

## UNFAIR MIAL SERVICE

The Postoffice Department at Washington has established throughout the country certain terminal offices to which the weekly papers are sent instead of being stored on the railway mail train. The result is that they are delayed from 12 to 48 hours every week in delivery. Daily papers are given the right of way and come through more promptly. Both pay the same rate of postage and it is unfair to show any discrimination.

A paper published not over 65 miles from St. Paul states that while its publication is in St. Paul by Friday night it frequently does not reach its subscribers until Monday or Tuesday week. The people have a right to better service and the National Editorial Association is going to see if this discrimination against the weekly paper can not be removed.

This is what Mr. Hume, executive secretary of the National Publishers' Association, is going to talk about at the mid-winter meeting of the Kentucky Press Association, at the Seelbach, Louisville, January 12 and 13. Every editor in the State should hear him.

## MOREHEAD GETS NEW NORMAL SCHOOL

Morehead was selected as the site of the Eastern State Normal School at a meeting of the Normal School Commission held recently, at the Phoenix Hotel, in Lexington, and Prof. R. T. Green was named as president of the Western State Normal School at Murray. W. S. Wallen, of Prestonsburg, a staunch adherent of Paintsville as the location of the school during the early periods of the controversy, cast his ballots in favor of the Rowan county town on the fifth vote, and the deadlock of several months standing was at an end. Professor Green was elected with only one dissenting vote.

The citizens of Morehead have agreed to donate the land for the school and will also construct buildings to the extent of \$100,000, this offer having been made sometime ago as an inducement to the commission to locate the school in Rowan county. If all of this money is not paid out in the building fund, it has been agreed that the difference shall be made up in cash. Paintsville has also offered to donate 10 acres of land for the site of the buildings and to raise a fund of \$100,000.
